PRESIDENT'S ADDRESS

Innovation distinguishes between a leader and a follower - Steve Jobs

As we celebrate 75 glorious years of freedom of India, “Azaadi ka Amrit Mahotsav” symbolizes a monumental occasion to commemorate the resurgence of Atmanirbhar Bharat, with “Vocal for Local” becoming the new age mantra! It is a matter of great pride and prestige as an Indian citizen of the new, progressive India, to be at the helm of education systems, leading a premier group of institutions in a leading city of our modern country. Change is the only constant that can bring about radical reforms in the global era of growth and technologically driven education and learning systems. Integrated academics, dual courses, bilateral education, global networking, personalized medicine, molecular biology and genetic engineering etc. may be the forerunners currently and India with her brain power and human resources has institutions at par to administer the same! It is a matter of immense pleasure and great pride that I present the Annual Report of Azam Campus, one such hub of education and a center for quality education, best infrastructure, human and e-learning resources.

As we look ahead into the 21st century leaders will be those who empower others- Bill Gates! As I sit back and delve into the years of this journey from inception to manifold expansion, it definitely has been a rewarding one. It was a result of leadership transfer, trust building, setting well defined goals, appreciating the success and understanding the limitations of each setting, thus emerging superior each time from the preceding status of the prestigious Maharashtra Cosmopolitan Education Society and Haji Ghulam Mohammed Azam Education Trust at Azam Campus.

We have consistently worked towards maintaining an environment conducive to holistic learning, overall grooming and personality development; including a ragging free atmosphere created for the students under strict disciplinarian rules. A well equipped Sports complex, a clean, green cricket stadium leased out for corporate and high impact cricket tournaments and complete wi-fi connectivity accentuate and complement our academic resources.

Education through Evolution, Unity in diversity, Secular approach, education for the girl child, dynamic infrastructure transformation, upliftment of the society and the needy, solidarity and teamwork have been the prime movers for the resounding success of this campus.

Leadership is the capacity to translate Vision into Reality! Within a relatively short span of 25 years all institutes and this campus as a whole have followed a forward trend with growth and transformation being on the topmost priority of the office bearers, heads of institutions, faculty and management alike. There is an exponential growth in the statistics of the institutes which started with just 4 institutes in 1985, incorporating around 2000 students, expanding to thirty institutes in 2021-2022 with almost 23,000 students. Research and development grants, development of Hi-tech research laboratory, PhD curricular, International collaborations, extension into various allied courses have been the highlights in recent years. The institutes in this campus also boast of a robust Alumni population, which is gaining strength with each passing year. These associations create a platform for ex-students to come back to their alma mater, meet and reconnect with old and new, exchange ideas, imbibe or absorb good values, further enriching the campus through their

contributions.

Dedication, passion for quality work and continuous perseverance helped us in accomplishing an achievement that I am glad to share with all the stakeholders, parents and students. The Govt. of Maharashtra, Higher and Technical Education Department, Mantralaya Mumbai accepted our proposal for the establishment of Dr. P. A. Inamdar University, Pune.

As per the notification, the objects of the university given in the act are. "To provide learning, teaching, capacity, capability and skills development and research and development in higher and technical education, covering liberal arts, humanities, social sciences, life sciences and biotechnologies, nano-sciences and technologies, professional disciplines such as engineering, technology, management, business and commerce, applied and creative arts, vocational education, media, information and communication technology and education per se and their inter-disciplinary studies and development with emphasis on construction, real estate, infrastructure and project".

Our dynamic Vice-President, Mrs. Abeda Inamdar with her exemplary leadership skills has always paved the way and shown the path for ensuring the best resources and maximum scholarships from State and Central Government for the benefit of various Campus students. Education is the only key to empower girls! Being a glorified and highly educated & accomplished woman herself, who better than her would know the importance of women empowerment and education. She has been working relentlessly towards providing quality education to girls and I definitely appreciate and laud her futuristic and broad-minded views on the same, which can bring about noticeable changes in the attitudes in the community at large at the state and national level.

The task of leadership is not to put greatness into humanity but to elicit it, for the greatness is already there! - John Buchanan. It has been my privilege to be able to extend help to the deserving and needy students in terms of both financial assistance and awards of appreciation to those who are worthy and will benefit from the same. Almost 7000 such students across various institutes have benefitted from this facility and have made promising careers for themselves.

Social responsibility is an ethical framework and as an organization and individual, we take great pride in performing this duty. Several social commitments were fulfilled during the covid pandemic, and to commemorate many more occasions, we also flagged off various rallies during the year and every passing year we are giving paramount importance to celebrating all social causes at the grass root level and important National days such as Yoga day, Literary day, Doctors' day, Teachers day, Various specialty days, World No Tobacco day etc.

Last but not the least, I thank all the members of the Trust & Society, staff for their support. I also appreciate the efforts of the infrastructure development and maintenance team of Azam Campus, which keeps all the systems working efficiently for a clean, green and environment friendly campus. As always, I maintain our motto, Smart Pune City, Smart Azam Campus!

Dr. P. A. Inamdar

M. A. RANGOONWALA TALENT SEARCH & PROMOTION SCHEME

It was felt for a long time that the girls and boys of the Muslim community despite having potential to excel do not do well in various competitive examination due to lack of expert coaching. Keeping this in mind, the scheme called Scholar Batch, was started at Azam Campus from 15th April 1999.

The students are enrolled for the Std. XI and XII Science Board Examinations. They are also be prepared for the various competitive examinations e.g. NEET, JEE, MH-CET. The admission to medical and paramedical, dental, pharmacy, architecture, I.I.T. and many other courses are made on the basis of these competitive examinations held at State and National level.

Merely scoring at XII examination is not sufficient to secure admissions to MBBS, BDS, BAMS, BHMS, BUMS and other paramedical and engineering courses. Keen competition requires not only knowledge skill but also self-confidence and positive attitude which makes a big difference. Overall development of the students is also our objective.

Hence, the establishment of the Scholar Batch which tries to cater to the intellectual needs of the students to provide them opportunities to formulate bright careers, to enhance their performance at the HSC examination.

The effect these changes have had is astounding. The Scholar Batch's passing percentage has always been 100%.

Between 2001 and 2021 almost all students have pursued professional education. The statistics of these students is attached herewith :
